Carvansons Conversations Update

We are keen to pick up these meetings following on from last years success. However we will be changing the format, we would like a representative from each department to attend one meeting per month.

If you would like to represent your department please email sarah.m@carvansons.co.uk. If we have more than one person per department, the Line Manager will nominate a representative. We will be holding our first meeting of 2025 week commencing 24th Feb.

Ramadan

February is the start of the holy month of Ramadan. Throughtout Ramadan our Muslim colleagues may be fasting from before dawn until sunset. The expected start date of Ramadan is Friday February 28th lasting until around March 30th*.

During this period, the Export Meeting room will be available for prayers. We are looking at a longer-term solution by providing a multi faith room/area. More information will be made available soon.

*Exact dates depend upon the sighting of the moon.

Phishing Information

There have been a number of potential phishing alerts lately, so we thought it was a good moment to remind you about the damage that phishing can do.

What is Phishing?

Phishing is when criminals use fake emails, texts, or phone calls to trick you into visiting malicious websites or revealing personal information like bank details. These messages often appear urgent, emotional or exploit current events (like banking issues or scarce sales). They may seem to come from familiar sources, like your bank, colleagues, or friends.

What to look for?

Look for unexpected messages, poor grammar, strange email addresses or unusual language. Never respond, click links, or open attachments from unknown sources. If in doubt, contact steve.c@carvansons.co.uk
